Subject: RE: Comment on 208 Plan

Anne,

The list of 208 Management Agencies lists the City of Clinton as “municipality and surrounding county areas”. The LCWSC operates a regional WWTP that serves the City of Clinton. The City only operates sewer collection, no treatment. LCWSC performs sewer treatment for the City of Clinton. Should the City be listed as a 208 Management Agency at this time?

The map appears to be correct. It shows the Laurens CPW for the City of Laurens and the LCWSC for the remainder of the county, including the City of Clinton.

Thanks!
